ASTON MARTIN SKYFALL

The original used for this special series is:

		EFFECT	
AST5149D	Skyfall Silver 1	Y	Z1027

However, after a short while Aston Martin changed the colour to this one:

		EFFECT	
AST5166D	Skyfall Silver 2	Y	Z1138

Most of the cars are painted with AST5166D.

To verify the correct colour please make a sprayout of both colours to be sure which is the right one to use.

In case of uncertainty please contact the Colour Service which may be able to help to find the right colour with the chassis number.
